

Joas Boevink

A YOUNG ICT-STUDENT WITH A PASSION FOR PROGRAMMING,
LIVESTREAMING AND GAME DESIGN.

Profile

I am very thoughtful and self-aware person that likes to be in his own head a lot and wants to see the logic behind everything, but also loves working together with people that think the same way as me and have overlapping passions or interests.

I'm confident in my intelligence and knowledge, but am not afraid to ask things when I don't know them.
